1. Pursuant to reference (a), you are appointed to conduct an inquiry into damage control training and performance in USS COLE. While the format of your report should be in accordance with references (a) and (b), your inquiry is not being conducted as a formal investigation under any provision of reference (b). Classify your report CONFIDENTIAL or higher.
2. Your inquiry will focus on the performance of the ship's damage control team in response to the damage caused by the attack against USS COLE on 12 October 2000. In addition, your inquiry will examine USS COLE's damage control training program (to include qualifications and training exercise performance) in the Inter-deployment Training Cycle and deployment period leading up to the attack. Further, you should comment on the adequacy and performance of USS COLE installed damage control equipment.
3. LCDR Rex A. Guinn, JAGC, USN is assigned to assist you in completing this inquiry. LN1 Frankie McCattry, USN, is available to provide administrative assistance. You are authorized and encouraged to request other administrative support, documentation, and subject matter experts as necessary.
4. Include in your report any recommendations concerning instances of exemplary personal performance in damage control following the attack. In addition, comment on lessons learned.
5. Your report is due no later than 19 December 2000. Inform me if an extension of this deadline is needed.
